

## Eco-Schools update

Thursday 22nd October 2020

### Update log:

-Due to the current Covid 19 restrictions we have organised Eco slightly differently.

Class teachers have photographed their eco reps and sent them to me for the eco display and eco web page.

I have sent a **video update** to classes and eco reps reminding them about their day to day eco jobs such as completing the class eco sheets and the walk to school register. This video is also available on the school website.

I have emailed class teachers and classes about the environmental review so everyone can contribute towards it. I have also helped them to prepare for the walk to school register starting in November.

I have updated the Eco page on the school website.

### Coming soon...

-Class questionnaires

-We hope to work on something with the school council and the PTA
